deaconess.com/research

- Deaconess Clinic is one of Indiana's largest multi-specialty physician groups, with nearly 200 primary care and specialty physicians at 26 primary care locations throughout southern Indiana, southeastern Illinois and western Kentucky.
- Deaconess Clinic investigators consistently rank among the top enrolling research sites due to their access to nearly 210,000 active primary and specialty care patients through a single electronic medical record.
- Deaconess Clinic Allergy is one of six research sites Deaconess offers sponsors to consider for placement of their clinical trials.

## ALLERGY AND IMMUNOLOGY

### HIGHLY TRAINED RESEARCH STAFF

Investigators at Deaconess Clinic have conducted more than 800 clinical trials and are supported by a dedicated, highly-trained staff of CCRCs; clinical associates; and data entry, regulatory and recruitment specialists.

### RESEARCH CAPABILITIES

Deaconess Clinic Allergy offers sponsors the following on-site research capabilities:

- Research-dedicated exam rooms
- Patient consenting areas
- Secured and temperature-monitored study drug storage, including a -20° freezer
- Dedicated CRA monitoring offices
- Secured study document storage
- Electronic data capture and remote data entry

### RECRUITMENT AND ENROLLMENT

- Deaconess Clinic Allergy investigators are supported by six additional employed referring physicians, each serving their own unique patient populations.
- All patient charts are EMR searchable by protocol criteria for both chronic and acute indications
