RESIDENCY

## Meet Our Family Medicine Residents

### **Dora Spears, DO** **Class of 2025**

#### **ABOUT ME**

I'm a Southern Indiana local, having grown up in the town of Griffin. For my undergraduate education, I attended the University of Southern Indiana where I received a Bachelor's of Science in Biology. During this time, I worked at Deaconess as a phlebotomist for several years. I went on to attend medical school at DeBusk College of Osteopathic Medicine in Cumberland Gap, Tennessee. Now, I am thrilled to be returning to Deaconess as a family medicine resident!

#### **WHY CHOOSE DEACONESS?**

I am honored to be training with the Deaconess Family Medicine Residency. Being an unopposed, community-based program with a long, successful history already makes this program a top choice for any family medicine resident. Being able to move back to Southern Indiana and work with Deaconess again makes the program a dream come true for me. I am looking forward to continuing my education and plan to practice out-patient medicine in the tri-state area upon residency completion.

#### **HOBBIES/INTERESTS**

I enjoy spending time with my family and friends. I am a lover of plants, coffee, dogs, and reading. My husband and I spend our weekends trying out new recipes and taking our dogs (Molly and Moose) to local parks.
