Meet Our Family Medicine Residents

Tyler Ziliak, DO **Class of 2024**

WHAT ARE YOUR CAREER GOALS?

I hope to practice compassionate, evidenced-based medicine in the Tri-State area. My professional interests include medical education, geriatrics, sports medicine, and medical informatics. I hope to foster some or all of these interests throughout residency and beyond!

WHY CHOOSE DEACONESS?

Growing up in the area, I was fortunate to interact with care provided at Deaconess as a patient, a medical student, and as a family member of loved ones receiving care. I've always been impressed by the professionalism of members of the healthcare team and the culture that exists within the health system. The Deaconess Family Medicine Residency provides many opportunities and exposures that interest me, and it has a strong track record of training excellent physicians who are leaders within their communities.

WHAT IS THE BEST PART OF LIVING IN EVANSVILLE?

It provides many attractions that continue to change and evolve while it also celebrates many of its longstanding festivals and food scene that are unique to Evansville! It is also in close proximity to many larger metro areas for quick weekend trips. I try to attend as many Colts, Pacers, and St. Louis Cardinals games as possible!

HOBBIES/INTERESTS:

I enjoy spending time with my family. Our favorite things to do include trying new restaurants, going to the park, and spending time on the family farm!
