Meet Our Family Medicine Residents

Caylan McPherson, DO

Class of 2023

WHAT ARE YOUR CAREER GOALS?

Currently, I plan to practice in a rural community as a traditional family medicine physician.

WHY CHOOSE DEACONESS?

I rotated at Deaconess as a medical student and immediately felt like part of the team. The residents and faculty were so kind and welcoming. I was able to see several parts of the program and how training at an unopposed residency in a large city had so many benefits. I couldn't imagine training anywhere else!

WHAT IS THE BEST PART OF LIVING IN EVANSVILLE?

Evansville is the perfect size. It offers everything you would find in a large metropolitan area, but with a small town vibe. Having grown up in a rural community, it feels like home, just with more convenience!

Hometown:

Tompkinsville, Kentucky

Undergraduate Training:

Western Kentucky University

Medical School:

University of Pikeville - Kentucky
College of Osteopathic Medicine

Hobbies/Fun Fact:

I enjoy spending time with my family, reading, watching Netflix, shopping, watching/playing sports, playing with my dog and traveling.
