FAMILY MEDICINE  
RESIDENCY

## Meet Our Family Medicine Residents

### Tiffany Strong, MD

Class of 2022

#### WHAT ARE YOUR CAREER GOALS?

To become a successful well rounded physician, I want to be able to help as many people as I can. I would also like to become more involved with the Family Medicine community, either with AAFP or with IAFP.

#### WHY CHOOSE DEACONESS?

One of my biggest factors in choosing a residency program was based on my interaction with the people. If you like the people you work with, then you will love coming to work! The residents here work hard and are getting a great education, but they also get along and have a relationship with each other outside of work. From the outside looking in, Deaconess looked like a family that I would enjoy being a part of!

#### WHAT IS THE BEST PART OF LIVING IN EVANSVILLE?

Growing up in a big and fast paced city, I am looking forward to experience what a small town has to offer. Since I first came to interview at Deaconess, every person I have come across either in the clinic or in the store has been so friendly and welcoming. I am definitely loving the Midwest hospitality!

#### Hometown:

Orlando, Florida

#### Undergraduate Training:

University of Central Florida

#### Medical School:

American University of the Caribbean

#### Hobbies/Fun Fact:

I played Volleyball for 7 years.  
I love my Morkie, Lily!
