

NEW PATIENT APPOINTMENT CHECKLIST

Welcome to Boston IVF and thank you for allowing us to be a part of your fertility journey!

The information reviewed during your initial consultation can be overwhelming! To make sure there is full understanding of next steps, you will receive a phone call from a nurse to review information and answer any questions you may have. Information to be reviewed includes:

1. **Testing:** to schedule testing, call the office with the first day of your full flow period (812-842-4530, opt 4). Testing *may* include:
 - a. **Blood work:** The blood work ordered may be cycle day specific and/or require fasting. Instructions will be reviewed when you call in to report your cycle.
 - b. **Imaging:** The following tests *are* cycle day specific
 - **Total Antral Follicle Count (TAFC):** Transvaginal ultrasound measuring uterus and ovaries (To be performed on cycle days 2, 3 or 4 - unless otherwise discussed)
 - **SIS:** Review handout saved to your patient portal. (performed between cycle days 5-12)
 - **HSG:** Review handout saved to your patient portal. Please call the office if you answer YES to any of the screening questions. You will be required to pre-medicate prior to the HSG. (performed between cycle days 5-12)
 - c. **Endometrial Biopsy:** Review handout saved to patient portal (performed between cycle days 5-12)
2. **Partner Evaluation:** Part of your initial testing may include testing for your partner; testing may include:
 - **Semen Analysis (if applicable):** Review handout saved to your patient portal.
 - **Blood work**
 - **Imaging (if applicable)**
3. **Communication**
 - Communication will be primarily through the patient portal. Please make sure you and your partner know your username and password!
 - The functionality of the eIVF app is limited to certain features. To ensure you have access to all applications you may need, please log in through the web portal.
 - You will review all important documents through this portal – information about testing, cycles, instructions, etc. These documents are located in the documents section under patient instructions.
 - Consents will be issued through your patient portal for many of your procedures and are *required* to schedule testing!
4. **Finances:** You will receive a call within a week of your appointment to discuss insurance benefits, OR to review self-pay pricing.
